Landratsamt Böblingen
Herr Landrat Roland Bernhard

Dear Mr. Bernhard!

On behalf of the Sumy City Council and its Executive Committee, the Sumy City Territorial Community and myself, I would like to express my gratitude for the humanitarian aid to the residents of Sumy, which was finally successfully delivered to our city.

We are extremely touched on how quickly you responded to our request for help and organized this process.

Your help is not just a humanitarian cargo, it is help to the most vulnerable segments of the population of our city: the elderly and women, children, the sick and people with special needs, and so on.

We are very grateful to the administration of the Böblingen district, to you personally, to the representatives of the Sindelfingen municipality, in particular to Mrs. Katerina Batischeva and Mr. Torben Bookholt and to everyone who spared no time, effort and resources and did or continues to contribute to the salvation of our city during the war.

We are proud to have such sensitive friends, your help and support helps us save the most precious thing - the lives of our people.

Once again, I thank you for your support and solidarity with the Ukrainian people.

Best regards
Sumy City Mayor
